

Credit Card Authorization For Selected Third-Party Fees

The processing of your loan necessitates services by various third parties. Those third-party services include appraisal, verification of employment (if your employer uses a third-party for this service), and condominium questionnaire completion (if you reside in a condo and your condo management company outsources or charges a fee for this service). Payment for these services is non-refundable, and is due at time of order. Further, payment requires a credit or debit card.

By signing this form, you agree to allow us to charge your credit card for the appraisal, verification of employment, and condo questionnaire third-party services, should those services be required to complete your loan. Our estimate for those charges is as follows:

Appraisal: approx. \$450-600

Verification of employment: \$0.00

Condo questionnaire: \$0.00

We will not charge your credit/debit card until you receive, and have had time to review, the Truth-in-Lending (TIL) statement.

Below please provide the information for the credit/debit card you would like to use for the above mentioned third-party services. Note we are unable to accept American Express due to the incompatibility with third-party services.
